**Included hardware:**

A  Qty. (1) Adjustable mounting bracket
B  Qty. (4) 5/16” Mounting bracket bolts
C  Qty. (4) 5/16” Lock nuts
D  Qty. (4) 5/16” Fender washers
E  Qty. (1) 5/16” White thru-hull bushing (optional)

**Installation tools:**

- 1/4” Allen wrench
- 1/2” Wrench or 1/2” socket with ratchet
- 11/32 drill bit with drill

**MOUNTING OPTIONS**

**IMPORTANT:** In all options the bottom of the Micro Driver Unit must be mounted above the water line of the boat.

**DECK MOUNT (FIG. 1)**

**NOTE:** Before drilling holes, mock up Micro unit with spike installed and attached to mounting bracket to ensure no interferences in the desired mounting location.

**Figure 1**

- Mark and drill holes with 5/16” drill bit and install hardware as shown.
- 1/4” Allen Wrench

**THRU-HULL BUSHING FOR POWER-CORD**

**IMPORTANT:** If using the thru-hull bushing (E) it must be installed above the water line.

Drill a hole into boat with 11/32” drill bit, insert bushing (E) and route power-cord through to 12 volt power source.

**TRANSOM MOUNT (FIG. 2)**

**NOTE:** Thru-hull bushing (E) must be installed after mounting bracket is in place.

**Mark and drill holes with 5/16” drill bit and install hardware as shown.**
